

Round Ireland 10 Day Tour

Welcome!! Slow, relaxed touring is our goal, so please don't hesitate to speak up if you want to stop for photos, a restroom, tea or coffee. During the tour, if you decide that you want to take a day off to just sit around, all we ask is that you let us know so we aren't waiting for you. We want you to return home feeling like you've "really" discovered and explored the places we've taken you. Unlike most tours we will be staying at least 2 nights at nearly every hotel to make your experience even more enjoyable. See the very best that **Ireland** has to offer.

The tour starts at Dublin airport. You may like to fly in a day or two before the tour starts and spend some time in Dublin, in which case we will collect you at your hotel.

Glendalough is one of Ireland's most beautiful and spiritual spots.

The replica of the *Dunbrody Famine Ship* will give you an idea of what life was like on board for the thousands of Irish families fleeing the famine and heading to America

The iconic **Rock of Cashel** (Rock of the Kings) was the seat of the High Kings of Munster.

Blarney Castle was built over 600 years ago and it is here that you will have the chance to kiss the **Stone of Eloquence** after which you will never again be lost for words.

The Killarney National Park is home to the world famous Lakes of Killarney which sit beneath the highest mountain range in Ireland, **McGillicuddy's Reeks**.

The Cliffs of Moher with their magical vista have entranced visitors for many years. Rising over 700 feet at the edge of the Atlantic Ocean on a clear day they give you sight of the Aran Islands and Galway Bay.

The Burren is a rocky, other worldly place that is unique. You want have seen anything quite like it.

In **Connemara** you will see **Kylemore Abbey** the oldest of the Irish Benedictine Abbeys together with a visit to **Cong**, deep in the heart of **Joyce's** country and the setting of the film "**The Quiet Man**".

Athenry still has almost all its 14th century town walls, the North gate, five towers and castle, but is probably best known for the song 'Fields of Athenry' that echoes down from the terraces at almost any sporting occasion in Ireland.

The **Giant's Causeway**, Northern Ireland's iconic World Heritage Site and Area of Outstanding Natural Beauty, is home to a wealth of local history and legend. What will you make of it? There will also be an opportunity to cross the exhilarating rope bridge to **Carrick-a-Rede** island and enjoy a truly cliff top experience.

In **Belfast** you can immerse yourself in the **Titanic Experience** and see what life was like 100 years ago at the **Ulster Folk Museum**

Unfortunately we then have to take you back to Dublin airport for your return home, but we are sure that your visit will live long in the memory.
