

# Scotland & Lake District 10 Day Tour

Welcome!! Slow, relaxed touring is our goal, so please don't hesitate to speak up if you want to stop for photos, a restroom, tea or coffee. During the tour, if you decide that you want to take a day off to just sit around, all we ask is that you let us know so we aren't waiting for you. We want you to return home feeling like you've "really" discovered and explored the places we've taken you. Unlike most tours we will be staying at least 2 nights at nearly every hotel to make your experience even more enjoyable. This 10 day journey will bring the very best **Scotland** and the **Lake District** have to offer the visitor.

After meeting up at the airport we head for the **Lake District**, one of the most picturesque areas of the U.K. full of mountains, lakes and forests.

**Birdoswald Roman Fort** is the perfect place to see the longest continuous remaining stretch of **Hadrians Wall** the 84 mile coast to coast defensive fortification built by the Emperor Hadrian nearly 2000 years ago.

No visit to Scotland is complete without a visit to **Gretna Green** and its world famous **Blacksmith's Shop** that has been conducting weddings for over 250 years.

**Stirling Castle** is one of Scotland's grandest castles due to its imposing position and impressive architecture. The Scenery will take your breath away. Here you can follow in the footsteps of the knights and nobles who once flocked to the castle.

**Loch Lomond** is the largest and, arguably the most picturesque Loch in Scotland giving exhilarating views across to The Trossachs

**Inveraray** is a royal burgh in Argyll and Bute and a spell in its original historic jail will give you an authentic taste of prison life.

**Glencoe**, scene of the famous massacre of the **MacDonalds** by the **Campbells**, is perhaps Scotland's most famous and most scenic glen. Glencoe is also arguably Scotland's most historic glen and is a magnificent and atmospheric place

The **Isle of Skye** (an t-Eilean Sgiathanach in Gaelic) takes its name from the old Norse sky-a, meaning 'cloud island', a Viking reference to the often-mist-enshrouded Cuillin Hills. It's the second-largest of Scotland's islands, a 50-mile-long patchwork of velvet moors, jagged mountains, sparkling lochs and towering sea cliffs.

**Eilean Donan Castle** is one of the most iconic images in Scotland. See for yourself. It is certainly one of the most romantic and photographed castles in Scotland.

the battlefield at **Culloden** has been restored to as close as possible to that seen by the forces on that fateful day in April 1746 when the Jacobite supporters of Bonnie Prince Charlie came up against the superior forces of George 11. With over 1,200 dead in just one hour Culloden was a short but bloody battle - the last to be fought on British soil.

**Loch Ness** probably needs no introduction as it is synonymous with Scotland. The freshwater loch is deep and extends for about 23 miles. Plenty of space for **Nessie** to continue avoiding capture. Maybe you'll be the one who takes the definitive snapshot to show the world she really does exist.
